SECTION-01-START

A synthetic inspection report for extraction coverage testing.

Record 001: sensor inspection completed; reading 100 units.

Record 002: sensor inspection completed; reading 101 units.

Record 003: sensor inspection completed; reading 102 units.

Record 004: sensor inspection completed; reading 103 units.

Record 005: sensor inspection completed; reading 104 units.

Record 006: sensor inspection completed; reading 105 units.

Record 007: sensor inspection completed; reading 106 units.

Record 008: sensor inspection completed; reading 107 units.

Record 009: sensor inspection completed; reading 108 units.

Record 010: sensor inspection completed; reading 109 units.

Record 011: sensor inspection completed; reading 110 units.

Record 012: sensor inspection completed; reading 111 units.

Record 013: sensor inspection completed; reading 112 units.

Record 014: sensor inspection completed; reading 113 units.

Record 015: sensor inspection completed; reading 114 units.

Record 016: sensor inspection completed; reading 115 units.

Record 017: sensor inspection completed; reading 116 units.

Record 018: sensor inspection completed; reading 117 units.

Record 019: sensor inspection completed; reading 118 units.

Record 020: sensor inspection completed; reading 119 units.
